10 m	13 mm	X191	49,00
20 m	13 mm	X193	98,00

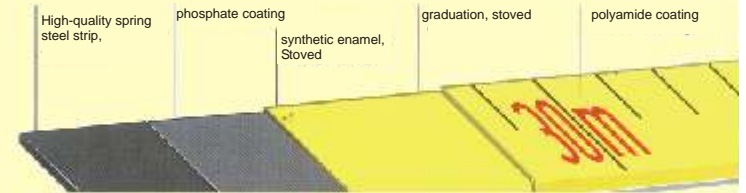

Measure tapes up to 50 m

Polyamide coating spring steel measure tape on aluminium triangular, available in accuracy class I and II.

Aluminium triangular frame, in bevelled design, made of anodized alloy with black, high-impact resistant plastic stock and nickel-plated metal winding handle. 13 mm wide steel measuring tape with continuous millimetre graduation.

Mm-graduation on all measure tapes

Length	Tape start	Accuracy class	Art.-No.	Euro
30 m	A	II	X403	38,00
30 m	A	I	X503	50,00
50 m	A	II	X405	48,00
50 m	A	I	X505	66,00

Kingsize

High quality pocket case measure tape

X723 with view window for inside measurements

- Yellow spring steel
- Continuous millimetre graduation
- Accuracy class II

ABS plastic case with automatic recoil

Art.-No.	Length	Wide	Extra	Euro
X702	2 m	13 mm	belt clip	2,60
X703	3 m	13 mm	belt clip	3,20
X723	3 m	16 mm	view window	7,30
X725	5 m	19 mm	belt clip	6,50
X728	8 m	25 mm	belt clip	10,80

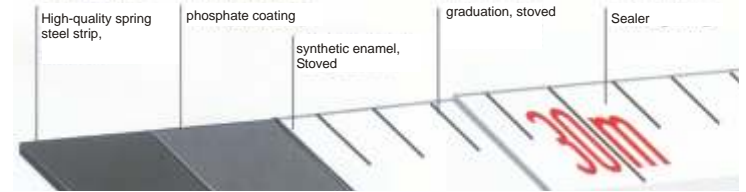

Measure tape up to 100 m

White lacquered 13 mm wide steel measure tape on aluminium triangular and accuracy class II.

Aluminium Triangular Frame, straight design, made of anodized alloy with black, high-impact resistant plastic stock and nickel-plated metal winding handle. 13 mm wide steel measuring tape with continuous millimetre graduation.

Available in 30, 50, and 100 m with millimetre graduation.

Length	Tape start	Accuracy class	Art.-No.	Euro
30 m	B	II	X303	30,00
50 m	B	II	X305	39,00
100 m	B	II	X310	89,00

Measure tape in case

Accuracy class II in case

An easy to handle case made of extremely robust and torsionally stiff plastic with ergonomic hand rests and

small dimensions. But first and foremost with an exact guidance for the measuring tape.

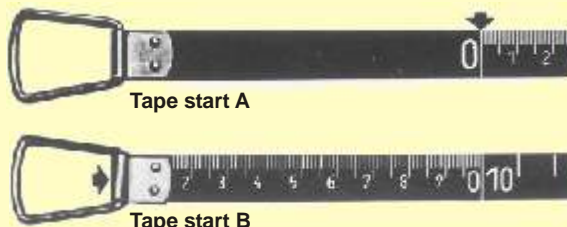

Length	Ø-case	Tape start	Art.-No.	Euro
10 m	108 mm	A	X610	13,00
10 m	"	B	X611	13,00
20 m	"	A	X620	19,00
20 m	"	B	X621	19,00
30 m	147 mm	A	X630	26,00
30 m	"	B	X631	26,00

White lacquered steel measuring tapes in case, available with tape commencement A or B.
