Product and Safety Information

Welding magnet size L
Article No. M122

Small parts and choking hazard

The product contains small parts that can come loose and be swallowed. Our tools are intended for professional use and not for children. Therefore, keep the products out of the reach of children.

User note

This product is a measuring device or accessory to a measuring device and may only be used as intended by competent persons. Improper use can lead to injuries. Keep the product out of the reach of children.

Magnets

This product is magnetic or contains magnetic parts. Do not place magnets near implants or other medical devices such as pacemakers or insulin pumps. Magnets generate a field that can impair the function of implants or medical devices. Also keep them away from magnetic data carriers and magnetically sensitive devices. The effect of magnets can lead to irreversible data loss.
