

Elevator tripod hedue KS6 300 cm

Premium elevator tripod with an adjustment range of 118 to 300 cm.

Thanks to its stable construction, the heavy-duty elevator tripod is suitable for demanding indoor and outdoor levelling tasks. It can be set up quickly thanks to the quick clamp and spreader stop. The tripod head is equipped with a crank stroke and a telescopic stroke.

The locking thread with locking screw ensures a secure hold and guarantees smooth operation of rotating lasers. A millimeter scale on the center tube enables precise height adjustment.

With transport lock and shoulder strap

With crank stroke.

With printed dimensional scale
