

## Digital height gauge

### For exact setting of saw blades and cutter heads

In addition to setting up circular saw blades or milling heads, the digital height gauge is also suitable for checking measurements of workpieces. The heavy base ensures a clean and play-free support on the machine table. The caliper can be locked in any position using the locking screw.

**Scaled measuring bar**

**With stainless steel base**

### Features

- Scaled measuring bar
- With stainless steel base
- Switching between mm/Inch

---

### Specifications

Measuring range	0 - 150 mm
Measurement accuracy	0,03 mm
Reading	0,01 mm
Type of battery	CR2032
Number of batteries	1
Warranty / Months	24
EAN	4012589014022

---

### Scope of Delivery

- Batteries Lithium-Metall
