

Digital angle measurer WM3 45 cm

Reliable and precise angle measurement with automatic calculation of miter angles

The digital angle measurer impresses with its large measuring range and high accuracy. The leg can be locked for precise removal and marking.

The sophisticated electronics enable, among other things, the freezing of measured values and the calculation of single and double mitre angles.

Thanks to the illuminated and rotatable display, the measured value can be read easily and accurately at any time.

With locking screw

With illuminated display

Comfortable calculation of single and double mitre angles

Features

- Comfortable calculation of single and double mitre angles
- Made of aluminium
- With illuminated display
- The display can be rotated at the touch of a button
- With locking screw
- Measured values can be frozen via Hold key

Specifications

Dimensions	450 x 60 x 25 mm
Measuring range	0° - 225°
Measurement accuracy	0,1°
Reading	0,05°
Type of battery	AA
Number of batteries	2
IP protection class	IP54
Warranty / Months	24
EAN	4012589681071

Scope of Delivery

- Batteries Alkaline
- bag
- QuickstArt
