

Plumber's angle 1050 x 500 mm

Angle bracket with narrow stop for plumbers, sheet metal workers and sheet metal workers.

The plumber's square is a machinist square with base specially developed for sheet metal working. Thanks to its narrow stop, it lies flat on the sheet metal. This eliminates the usual gap between the sheet and the angle, which makes scribing much easier. The angle is therefore ideal for plumbers, tinsmiths and sheet metal workers.

Features

- **Aus verzinktem Stahl**
- **1,5 mm schmale Anschlagkante – für flaches Aufliegen beim Anreißen von Blechen.**

Specifications

Dimensions	1050 x 500 mm
