

Hedue L1 line laser

Self-levelling cross line laser with red laser beam and tilt function.

The compact line laser is designed for the construction site and impresses with its absolutely clean line reproduction. The device is very easy and intuitive to use, yet has many useful functions.

The ideal helper for interior work, whether for installing components, setting drywall constructions or floor and wall covering work.

360° tracking of the laser lines with the tripod.

Separate switching of the laser diodes.

Fast and exact self-levelling via the magnetic pendulum.

Features

- Fast and exact self-levelling via the magnetic pendulum.
- Display of slopes by switching off the self-levelling function.
- Separate switching of the laser diodes.
- Battery status indicator for timely battery replacement.
- Working in bright light and at long distances in conjunction with laser detectors.
- Avoidance of measuring errors through a warning signal when leaving the self-levelling range.
- A horizontal laser line for levelling tasks.
- A vertical laser line for alignment and alignment.
- Connection of all common tripods and mounts with the magnetic multifunction adapter.
- 360° tracking of the laser lines with the tripod.

Connection of all common tripods and mounts with the magnetic multifunction adapter.

Avoidance of measuring errors through a warning signal when leaving the self-levelling range.

Specifications

Self-levelling range horizontal	3°
Vertical self-levelling range	3°
Levelling accuracy	3 mm / 10 m
Working radius without laser detector	10 m
Laser class	II
Laser Diode	2 x 635 nm
Laserfarbe	rot
Width of the laser line at 8m	3 mm
Operating time in hours	6
Operating temperature	0°C - 45°C
Tripod thread	5/8" & 1/4"
IP protection class	IP54
Weight	400 g
Warranty / Months	24
Warranty / Months	24
Working radius with laser detector	50 m
Type of battery	AA
Number of batteries	3
EAN	4012589762169

Scope of Delivery

- bag
- Test certificate
- target plate
- Batteries Alkaline
- QuickstArt
- Mini tripod / adapter
- [Multifunctional adapter](#)
