

Digital spirit level hedue DL2 80 cm

With extra strong aluminum profile and a milled measuring surface

The hedue DL2 digital spirit level provides precise measurement results in degrees and millimeters. The reinforced aluminum profile guarantees perfect support on the workpiece, both horizontally and vertically.

The user-friendly display is easy to read in any position thanks to the switchable illumination. When measuring overhead, the display rotates automatically, minimizing reading errors. In addition, the DL2 emits an acoustic signal when approaching 0 or 90°, which makes measuring even easier.

For absolute and relative measurements

Easy to read display that rotates automatically during overhead measurements

Measures slopes in degrees, percent, millimeters per meter or inches per foot

Features

- With reinforced aluminium profile
- Measures slopes in degrees, percent, millimeters per meter or inches per foot
- Easy to read display that rotates automatically during overhead measurements
- Is already pre-calibrated
- With acoustic signal
- Milled measuring surface
- For absolute and relative measurements
- Measured values can be frozen via Hold key

Milled measuring surface

Is already pre-calibrated

Specifications

Warranty / Months	24
Dimensions	800 x 25 x 60 mm
Measuring range	4 x 90°
Reading	0,1°
Number of batteries	2
Storage temperature	-20°C - +70°C
IP protection class	IP40
Measurement accuracy	0°/90°=0,1°; 1°-89°=0,2°
Sensitivity of the spirit level	0,029°
Type of battery	AAA
Operating temperature	-10°C - +50°C
EAN	4012589775541

Scope of Delivery

- bag
- Batteries Alkaline
- QuickstArt
