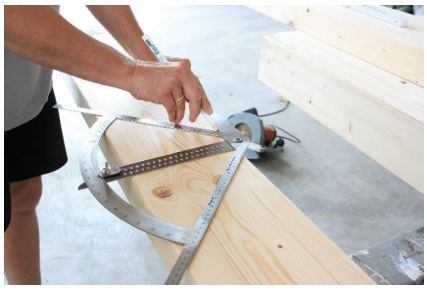
Scribing Tool Alpha Classic

The proven and popular Scribing Tool Alpha (Alpha Angle) for carpentry joinery.

One of the fastest marking methods is marking with the Scribing Tool Alpha, also known as the Alpha Angle. The Alpha Angle can be used for all types of joinery and has proven itself a thousand times over, both when scribing shifters, hip rafters and straight stairs, as well as when scribing single and double offsets. Positioning cradles and similar aids are no longer required.

Made of stainless steel



With marking holes

Permanently etched scaling
