

AngleMaster

Combines angle measurer, marking gauge and sliding bevel in one device

The AngleMaster is a 3-in-1 combination of angle measurer, marking gauge and sliding bevel. Both internal and external angles can be easily measured. Perfect mitre cuts are also no problem thanks to the automatic angle bisector. No other device offers such a high degree of flexibility when measuring angles.

Made of stainless steel

Suitable for internal and external angles

Removal and transfer of angles
